**SECOND PRELIMINARY AMENDMENT**

Please make the following changes in the application prior to examination.

**IN THE CLAIMS:**

Please amend claims 1 and 28 as follows:

1. A method of inhibiting cytotoxic activity of a T cell in a mammalian subject, said method comprising administering to said subject a therapeutically effective amount of a P-selecting glycoprotein ligand (PSGL) antagonist.
28. A method for treating or ameliorating a disease or condition resulting from a CTL response comprising administering to said subject a therapeutically effective amount of an antibody directed to P-selectin glycoprotein ligand (PSGL), or a fragment thereof.
